The Divine Comedy Jam
An Evening of Fun and Fundraising

Connecting Small Business to Technology

How many times have you wished that there was some way to address the many needs of your church community and family? I believe we all wrestle daily obtaining everyday necessities, like so many of our congregation. Our church bus is broken, we need a new ventilation system, there's a leak in the roof, and our children desperately need enrichment and practical programs that augment their school programs.

How do you get funds to take care of these problems today? Through tithes? Levying an amount for all church members and holding your breath to see if they pay? Church dinners? There is a far, far better way. Now is the time to step into your power, leave fear behind, and begin the process of lifting up your church and your community.

We Care Worldwide has a way for you to quickly Bless you and your church with a number of ways to raise much-needed funds quickly and easily. Most importantly, it does not cost you any money.

Our Divine Comedy Jam will easily net your church **up to \$10,000 plus a \$1,000 bonus** in one evening, while providing wholesome entertainment. For less than taking your special person to a mediocre restaurant, your members can enjoy a special evening of four-star entertainment. Our Divine Comedy Jam 2006 (featuring Brother Dre "The Minister of Comedy" and former writer for Cedric the Entertainer; local and national comedians and other performance artists) is a unique approach to providing clean entertainment for adults. Our comedy style has no cursing, and no vulgar or explicit content. This is a show that you would not be embarrassed to attend with your parents or adult children.

Here's how it works:

Your part:

Agree to host our Divine Comedy Jam at your church. Sell 400 tickets at \$29 each to the event. If necessary (for instance, your church community is small), partner with another organization to increase your ticket sales.

Our part:

We provide you with 100 free websites to be distributed to your members and supporters in exchange for a minimum donation of \$100.00. We supply the talent to develop the websites within a two week period, and marketing material to help you explain why each and every one of us that have any kind of business or organization must have a web

presence if we are to be taken seriously. Individuals need a personal site in order to advance their personal agenda.

Every dime you collect as a donation is yours. Plus, we donate 10% of the house to you (based on minimum sales of 400 tickets).

Optional – *Unwired Times Seminar*

That's not all. Your people will probably want training on how to effectively use websites to market their products and services, organizations, and themselves. Your church can raise additional funds by sponsoring an Unwired Times Seminar, in conjunction with your Divine Comedy Jam event.

We Care Worldwide provides a six-hour seminar wherein an Internet expert teaches our people the following critical aspects of website management: registering your own domains, keeping control of your DNS, setting up a secure/safe home for your website, and how to brand your name into the minds of Internet users the same way AOL and Hotmail did it. In addition, attendees will have access to new technologies at 50 - 95% off retail, learn how to turn their website into a Mastercard & Visa terminal, and much, much, more.

We ask that you have a minimum of 20 people attend this seminar at a cost to each of them of \$299.00. Your 20 people who attend receive – free of charge – web statistics, unlimited email accounts, web hosting, merchant accounts, and domain registration. These services are valued at over \$400.00, more than they paid for the seminar. **You'll receive thirty per cent of the cost of the seminar, \$1,794, in addition to the funds already mentioned.**

For further information, contact us at: jcoleman@wecareworldwide.com. Or, call us at (314) 414-2900 ext. 3. Mention that u4abc told you to call or write. One of our Executive Staff will be pleased to review our package with you.
