

Insurance Agent Income Opportunity

Due to the many issues surrounding new Medicare insurance procedures, select companies have been engaged to assist in disseminating clear information while making our company's Medicare supplemental insurance available. We Care Worldwide has positions available for licensed health insurance agents who will support this effort. We acquire licensed insurance agents as independent contractors and provide them leads in their geographic area. The Agent meets with the Lead (the person who needs and has requested the appointment) to review the benefit material, and – upon conducting the briefing – gets a “sign off” indicating that the work has been done. The Agent submits the paperwork to the insurance carrier and receives a check of \$70.00 per “signed off” case. That's it. Clear instructions and all necessary materials will be provided.

Working Example:

The Agent (Independent Contractor) receives 30 free confirmed leads for the week. A full time Agent may elect to work a four-day week; one lead session may take from 20 minutes up to an hour. On average, 7 out of 10 Leads “sign off” on the program, in this case 21 “signed off” cases. At \$70 per case, the Agent earns \$1,470.00 for that week. That's fantastic! And there's more!!

1. Licensed Insurance Agents are contracted across the U.S.
2. Free qualified leads each week (people needing and requesting to be helped).
3. Part and full time Agent positions (independent contractor) available.
4. No charge backs after 60 days.
5. Generous referral and business-building program
6. Plus bonuses, contests, and special incentive gifts and prizes
